THE HOCKADAY SCHOOL

Dallas, Texas

CORNERSTONES 1966

FOREWORD

We the students have chosen the road which brought us to Hockaday. For every individual this means something different:

Freshmen—a state of being awed, bewildered, and confused

Sophomores—now accustomed to confusion and settled for the long road ahead

Juniors—energetic, enthusiastic, and anticipating their Senior year

Seniors—leaders of the followers, sentimental at the end, but proud to be Hockaday graduates

The 1966 Cornerstones is an illustration of the road we have traveled through Hockaday this year.

*Two roads diverged in a wood, and I —
I took the one less traveled by,
And that has made all the difference . . .*

DEDICATION

Do You Know . . .

The bouncy figure running from the gym to the Activities Bulletin Board?

Do you know of her interest in all phases of life at Hockaday, her ready sense of humor and her willingness to join in fun?

Do you know of her boundless supply of energy, always inspiring students with her vigor? "Run back to the gym!"

Do you know of the loyal Fourth Form advisor often heard referring to "My Girls"?

Do you know the woman who is known to most as Mrs. "B."?

. . . If So You Know Mrs. Charles Batterson

It is to you, Mrs. Charles Batterson, for your loyalty and devotion, that the Senior class gratefully and proudly dedicates the 1966 Cornerstones.

Miss Ela Hockaday

As long as we live, we serve. As long as we are useful to others, we are indispensable. And who among us is useless as long as he counts one his friend? The success and happiness of the school year . . . the fine enthusiasm and the eager spirit of our students have given a new glow, a new definition to the words, "A Hockaday Girl."

—Prologue, Hockaday Book 1928-29

ROBERT S. LYLE
Headmaster

I must go down to the seas again, to the lonely sea and the sky,
And all I ask is a tall ship and a star to steer her by,
And the wheel's kick and the wind's song and the white sail's
 shaking,
And a grey mist on the sea's face and a grey dawn breaking.
I must go down to the seas again to the vagrant gypsy life,
To the gull's way and the whale's way where the wind's like
 a whetted knife;
And all I ask is a merry yarn from a laughing fellow-rover,
And quiet sleep and a sweet dream when the long trick's over.

INDIVIDUALS

Senior Class

The class of 1966 has been an extremely active and enthusiastic class. As Seniors, they have undertaken the usual projects of keeping corridors and study halls, and giving chapel. As a Community Service project, they have sponsored St. Paul's Industrial School hopefully establishing a tradition for next year's Senior class. Other projects have included a high tea for the Freshmen and faculty, teacher take-offs, Senior Day, and the Senior dinner and prom. The Senior's main responsibility, however, has been to serve as the leaders of the student body, and to bring the lower formers closer to the school and its ideals.

This year the Third Form participated in community and school projects. Senior Take-Offs, one of the major class projects, was performed in January. The juniors assisted at the Children's Medical Center on Saturday morning for their community service project. In school, the Third Form kept corridor, served in the library, supervised the "Book Nook" during study hall, and held a tea for the seniors in the spring. The candy-counter, operated during milk period, was the class money-making project.

SECOND FORM

This year the sophomore class undertook many important projects. As school service projects, our responsibilities were to organize and maintain a messenger service between the Upper School offices, to furnish current magazines in the infirmary, and to polish the trophies in the case. As our community service project, we gave a party for a Dallas orphanage. The sophomores also held a drive to finance a scholarship for Hockaday's American Field Service student of the coming year. The Second Form operates the Lost and Found to finance our various activities.

The annual staff is chosen each spring by the new editor.

Julie Coplon and Sandy Kiehl look over lower school section of past years.

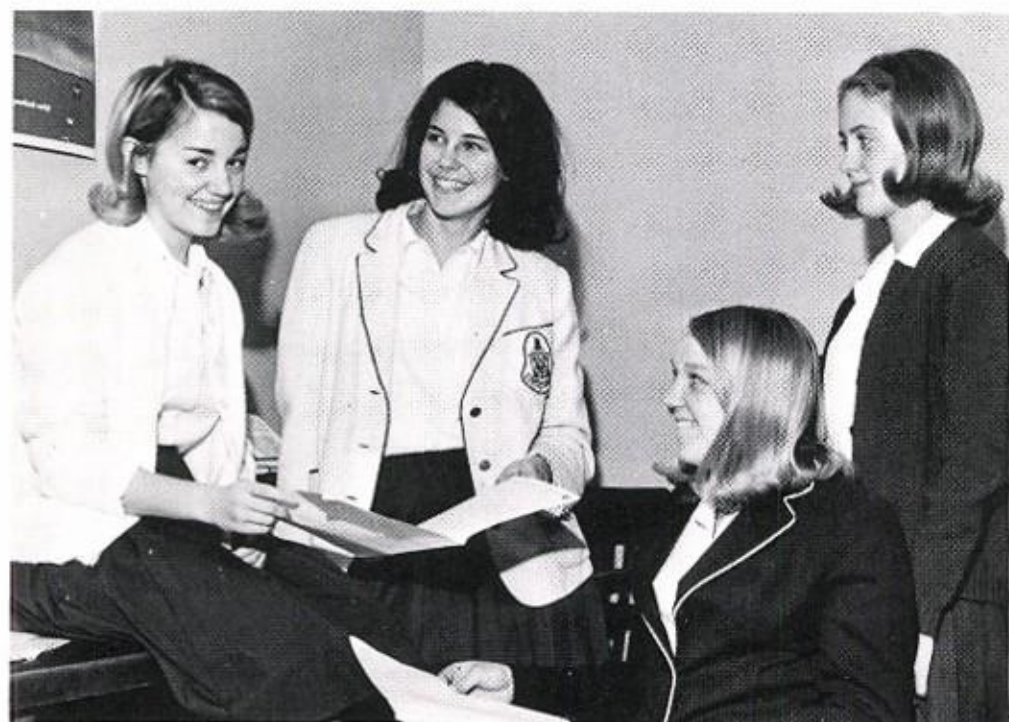

Deede Harris and Ann Bower go over sports layouts.

Vibrato Staff

Vibrato is the Upper School literary and art publication. Members of the editorial staff find opportunities to express thought and feeling in prose articles, in poems and to gain experience in judging their literary values. The business staff deals with the printer on problems of stock, method or printing, and cost. The art staff presents recommendations about format and using drawings to complement the written word. This is what constitutes the *Vibrato*.

Susan Tobian, Steffi O'Brien, and Elise Keeney discuss plans for this year's *Vibrato*.

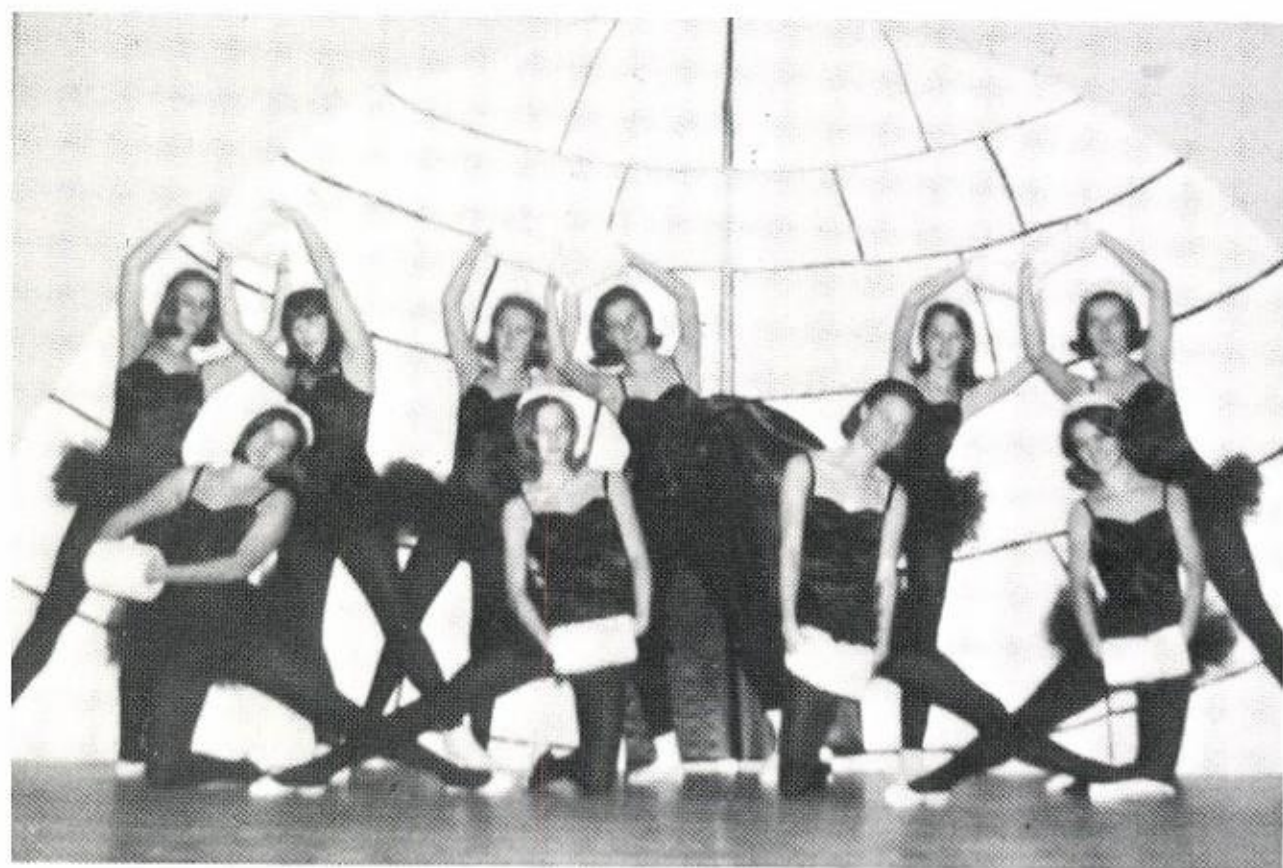

Glee Club

The Glee Club of Hockaday is one of the hardest working student organizations, meeting every day. Each year, in conjunction with the art and drama clubs, the Glee Club produces a Christmas show, a spring music festival, and their major production, the operetta, which is held each year in March for Dads' Day. The operetta this year was "The Sound of Music" by Rodgers and Hammerstein. Susie Johnson and Frances Alford carried the leading roles as Maria and the Mother Abbess respectively.

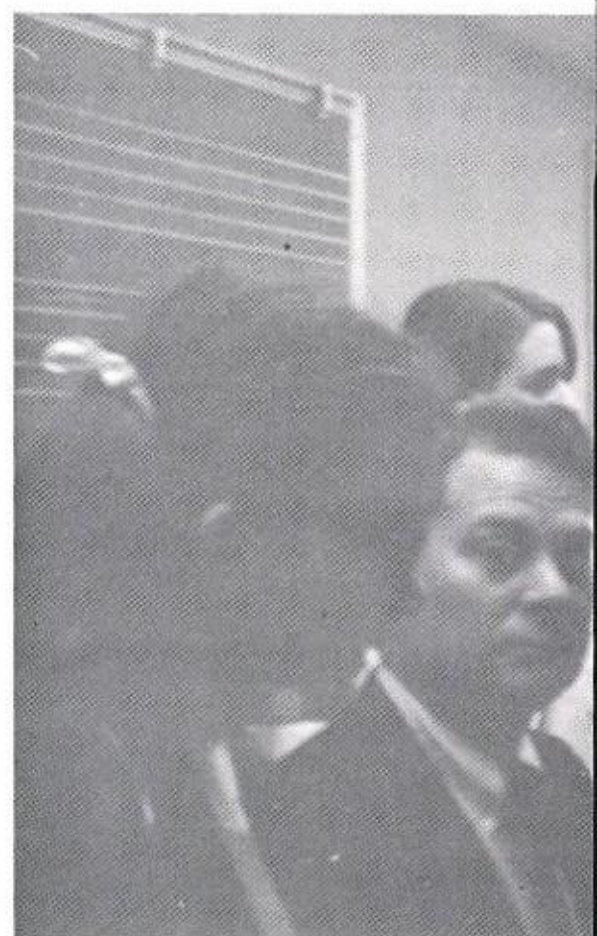

Barbie Burden, Helen Hunt, Frances Alford—president, Mr. Farley, Mr. Merriman, and Jan Hardy go over "The Sound of Music" score.

Dancers

Standing: Steffi O'Brien, Beverly Nasif, Debbie Batterson, Cathy Castleman, Carla Crosby, and Shawnee Rathbone; *Kneeling:* Barbie Burden, Petty Anderson, Janie Castleman, and Susan Bridges

The dancers are chosen from the members of the Glee Club at the beginning of each year. They perform any dance numbers which are included in the annual programs. Aside from their regular program of singing at each Sunday afternoon Vesper service, the choir has, with much help from Mr. Merriman, presented special programs for Thanksgiving, Christmas, and Easter. These programs have been presented on Sunday evenings, in chapel, and in combination with Glee Club.

Ann Brudno has done it again!

Cassie Nelson and Kathy O'Boyle curiously watch Julie Golman at work.

Art Club

At Art Club meetings, the members are able to further their knowledge of art by painting, having films and guest speakers. The Art Club sponsors many of the art collections exhibited in the school, and often the members' own paintings are displayed. Also, the Art Club works with the Glee Club in presenting the operetta.

Hockaday Players

The Hockaday Players is the administrative body of the drama club. The members meet every six weeks for dinner to discuss production plans. Members of this organization are nominated by the club and voted on by the Players on the basis of the candidate's work and devotion to the club beyond the call of duty. The Players are rewarded with circles under their eyes, few, if any fingernails, and a well founded respect for manual labor.

Pretenders present The Miracle Worker

Mrs. Keller (Gay Mallon) tries to comfort Helen as Helen's father (Mr. Swan) and Helen's aunt (Charla Peavy) look on.

Anne learns patience as Helen's curious fingers search Anne's desk.

The Pretenders consists of those girls who wish to learn more of every phase of drama, including acting, stage work, fashion design, and make-up. In cooperation with St. Mark's, the Pretenders presented a night of one act plays including "A+ for Daddy", "Antic Spring", and "The Lottery". The club's major production this year was "The Miracle Worker" which starred Frances Alford as Anne Sullivan, and Susan Mead as Helen Keller. The Pretenders also assist with the Glee Club's Christmas and spring shows.

Piano Literature

Becky Love watches Beth Marr perform a piece they have been studying.

The Piano Literature Club is composed of girls in the Upper School who have an interest in music. The intimate size of the club provides more detailed discussions on the music composed by such great artists as Beethoven and Chopin. Occasionally, members play the works of the composers to further the club's enjoyment.

The Current Events Club meets once a week to discuss and analyze controversial subjects concerning the world today. The club promotes a better understanding of foreign and domestic policies. Films and guest speakers enable the student to become a well-informed citizen.

The Round Table is a small informal discussion group which meets once a week. The club's purpose is to increase its members' ability to discern, express, and evaluate the ideas of the world's great thinkers. As a guide this year, the club is using films and a collection of readings which present the ideas that effect the world.

Founder's Day

Founder's Day is held every year to recognize those students who have contributed the most to Hockaday by their loyalty and service. The recipients of the Founder's Day Award represent the four cornerstones for which Miss Hockaday founded the School: courtesy, scholarship, athletics, and character.

Hockey team tryouts started the second day of school because of a practice encounter with TWU scheduled for October 1. The game schedule was crowded with A & B games with Casady, St. John's, and Ft. Worth Country Day, and an A game with Kinkaid; all of which were played here. In addition, games with TWU, Phillips, and North Texas were played at a college conference on the TWU campus plus an A & B game with St. Mary's in Austin. Out of 17 games, the Hockaday hockey team won 11, tied 2, and lost 4, one of the best seasons yet.

A varsity basketball team of twenty-three was chosen this year from about seventy who tried-out. There were both A and B teams for several games. In fact, the B team had an undefeated season consisting of two games with Greenhill, two games with Ursuline, and two games with St. John's of Ennis. February 4 and 5, Hockaday held a double elimination tournament and invited five other schools—Greenhill, St. Mary's Hall, Casady, Ursuline, and Holland Hall. By winning their first three games, Hockaday walked away with first place. Helena Underwood, Janie Castleman, and Nita Smith received all-conference. The season ended in Houston at a tournament on February 11-12, at which Hockaday tied for third. In total, the basketball team had a season of 16 wins and 6 losses.

The volleyball team was chosen late this year and consequently no games had been played prior to the publication of this annual. However, Mrs. Batterson and the girls are looking forward to an outstanding season. Out of nearly 100 prospects, 31 of the most competent players were chosen. The try-outs were highly competitive, but will serve their purpose of producing the best team Hockaday could have.

Mrs. M.E. Kenning

I would like to dedicate this page to all those who have worked to make the 1966 Cornerstones possible. Without the untiring efforts of my excellent staff and the cooperation of faculty and students, this book would never have become a reality. I especially thank our capable advisor, Mrs. M. E. Kenning, whose patience, time, and guidance have been so willingly given. I could never sufficiently thank Mr. Kurt Borris, who has done all the professional photography and has been more than willing to help in any way.

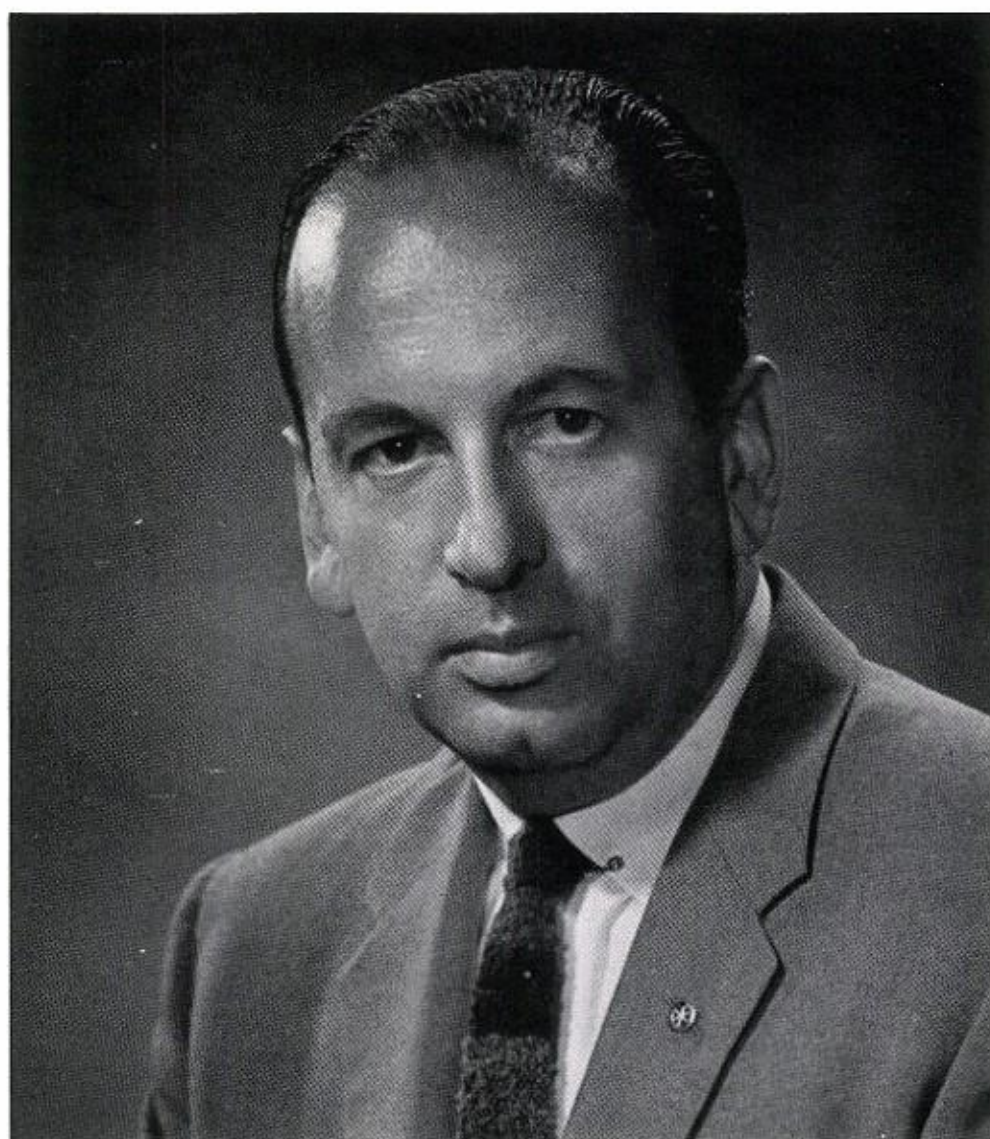

I would also like to thank Mr. Lynch, our Taylor Publishing Company representative, whose suggestions have been most appreciated.

Finally, the goal of the yearbook staff this year has been to present a lasting record of your year at Hockaday. We hope you like it.

Sincerely,

Linda
